

STRANGER

FROM TRIGG.

Beaten and Robbed by Foot-pads in Disreputable Locality.

Charles Choate, a farmer from Trigg county, who was delivering tobacco in the city, was beset by two men near a disorderly house east of the city Monday night about ten o'clock and after being murderously assaulted was robbed of \$15 or \$20. He was beaten over the head with fence palings and left lying unconscious near the city limits. A negro soon afterwards found him and going to the nearest telephone reported the matter to police headquarters and the patrol wagon was sent to bring Choate into town. He was cared for at the lookup and Dr. J. W. Harned dressed the four or five bad cuts on his head and face. He was under the influence of liquor, but yesterday was able to be up. He did not know who the men were. They asked him to lend them some money and almost immediately began beating him. When he recovered consciousness he was in the police office. A boy with him earlier in the evening said he ran away when he saw the men following them. He was able to give but a meagre description of the men.

TOOTH HINTS

"When ought we to go the Dentist?"

Many think it unnecessary to devote particular attention to the teeth until the mouth is affected by broken or decayed teeth. They give their teeth no attention until pain compels them. Every one who thinks a moment on the subject knows that we cannot masticate our food satisfactorily. If one of the teeth is tender, inflamed or otherwise out of order, and that if this be the case, the mouth requires immediate attention.
